LOT 67 - Key 1932 D Washington Quarter

Description

This auction features a 1932 Washington Quarter, a classic piece of American age. The obverse side features a portrait of George Washington, designed by sculptor John Flanagan. This is composed of 90% silver, making it a valuable addition for collectors of U.S. s or enthusiasts of historical currency. Its specific details and condition should be evaluated to assess its collectible value. A must-have for anyone interested in vintage American currency.
