LOT 8 - 1892-O Silver Dollar Morgan

Description

The 1892-O Morgan Silver Dollar stands as a semi-key date within the illustrious Morgan series, boasting a mintage of 2,744,000 coins at the New Orleans Mint. This mint was known for its often faint and lackluster strikes, a characteristic that numismatists keenly consider. Despite its relatively substantial production figures, the precise survival rates in higher grades render this coin particularly scarce and desirable among collectors. Designed by George T. Morgan, the elegant Lady Liberty on the obverse and the powerful eagle reverse design are complemented by its historical context, being minted amid the economic challenges of the early 1890s. For collectors striving to complete the Morgan Dollar series, the 1892-O is an essential acquisition, especially in premium grades where its allure is amplified by its strike quality and lustrous surfaces.
