LOT 12 - 1921 Morgan Silver Dollar MS63 NGC Graded Bright Luster

Description

The 1921 Morgan Silver Dollar, with a mintage of 85,000,000, marks the final year of this iconic series, produced at the Philadelphia Mint. While the overall mintage is high, this particular coin is notable for its bright luster and well-preserved surfaces, earning an MS63 grade from NGC. The design, created by George T. Morgan, features the allegorical figure of Liberty and has become a symbol of American coinage. As collectors seek to complete their Morgan Dollar sets, this example stands out for its eye appeal and technical quality, making it a desirable addition for both type collectors and those focused on the series. The coin's robust market presence and historical significance ensure it remains a staple in numismatic collections.
